

Billeder kan sendes til webmasteren, som så opretter et galleri på hjemmesiden. Fylder billederne mere end 25 Mb, bedes [www.filemail.com](http://www.filemail.com) anvendes.

The screenshot shows the Filemail website interface. At the top, there is a navigation bar with links: "Send files", "Memberships", "Help", "Contact Filemail", and "About Filemail". Below the navigation bar, there is a header with the Filemail logo and the text "E-mail large files - fast, easy and secure!". The main content area contains a form for sending files. The "To:" field is filled with "steppingcity@gmail.com". The "From:" field is empty and contains the placeholder text "Indtast din mailadresse her...". The "Message:" field is empty and contains the placeholder text "Skriv evt. en besked her...". Below the message field, there is a table showing the files being uploaded:

File	Filetype	Filesize	Progress
IMG_9549.JPG	.JPG	1.7 MB	<input type="text"/>
IMG_9550.JPG	.JPG	4.0 MB	<input type="text"/>

Below the table, there are buttons: "Browse for files", "Remove", "Remove All", and "Advanced". Below these buttons, there is a link: "By clicking Send you agree to the following terms and conditions." Below the link, there is a "Send" button and the text "Number of Files: 2 Total size: 5.6 MB".

1. Åben siden [www.filemail.com](http://www.filemail.com)
2. Indtast adresse på modtager.
3. Indtast adresse på afsender (din egen mail).
4. Skriv evt. en besked om hvor og hvornår billederne er taget.
5. Vedhæft billeder fra din pc på en samlet størrelse af op til 2 Gb.
6. Tryk "Send"
